EXPERIENCE

WEB DEVELOPMENT INTERN (July 2024 – December 2024)

Hash Hack Code *Adayar, Chennai*

- Enhanced the company website, enhancing its functionality and design using HTML, CSS, and JavaScript
- Improved web development skills, focusing on front-end technologies and best practices in responsive design
- Contributed to a product-based project by creating a syllabus for physically challenged individuals to complete basic mathematics tasks.
- Collaborated with team members to ensure usability and accessibility of the website for diverse audiences.
- Gained valuable experience working in a fast-paced and product-focused environment.

PROJECTS

E-COMMERCE WEBSITE : improved a fully functional e-commerce website using HTML, CSS, JavaScript. The site features product listings, shopping cart functionality, and a responsive design, optimized for both performance and cross-browser compatibility. (Try it here)

PORTFOLIO WEBSITE: Designed and fine-tuned a personal portfolio website using HTML, CSS, JavaScript, and React.js to showcase my skills, projects, and web development expertise. The site is fully responsive, optimized for performance, and demonstrates my proficiency in modern web technologies. (Try it here)

TRAINING

- I have successfully completed a MERN stack development course at CODE 99.
